Holiday Home Work(2018-2019)

Dear Children, We are sure that all of you would have made plans for a fun filled summer vacation. We wish that you enjoy your long break with your parents, family and friends. Try to utilize your time in such a way that you are able to sharpen your intellect as well as tone up your body by doing exercises. Read, play and enjoy!

We are aiming to introduce a new concept called the "Inter Disciplinary Approach" in the holiday assignments. An Integrated Inter Disciplinary – project connects different areas of study by cutting across subject borders and emphasizes on unifying concepts. The students will be able to closely relate to the

content and make real world connections by doing such Integrated Multi-Disciplinary projects. The project based learning is a happy by-product of this methodology and it makes the school more interesting and productive for both the students and teachers.

- Try to complete your work neatly.
- One best Integrated Inter disciplinary Project shall be selected from the class on the basis of the following criteria: • Content • Co-ordination • Presentation • Creativity
- Submit your project to your class teacher on the reopening day after the vacation.
- Be systematic; decide how many days a week you want to spend doing the home work on each subject. Gather the things you need for the respective subjects so that you don't have to waste time in searching for them.

I wish you all a safe, healthy, memorable and a happy vacation.

GUIDELINES FOR THE PARENTS

I would suggest that parents encourage their children to complete their assignments early. Parents are requested to best assist the process of learning by providing a consistent time and a quiet place for students to complete their homework and by showing a positive interest in it. Please make sure that your children are in touch with their text books during the vacation. Regular reading and revision must be a part of their daily routine. Encourage your child to read as many story books as possible and help them to maintain a personal library. Take them to a book shop and allow them to buy books. Converse with them in English and acquaint them with new words every day. Parents are requested to encourage their ward to read the books prescribed by the teachers.
